Mission Statement: *It is our mission to provide the Mountain Gate Community with reliable, safe and clean water and fire protection services at the lowest cost possible.*

October 2026

Looking for a delicious fall dinner? Try this Slow Cooker Chicken Thigh recipe (Crock Pot, Fall-Off-The-Bone Tender)

Ingredients

- ☐6-8 chicken thighs *skin-on and bone-in*
- ☐1 teaspoon garlic powder
- ☐1 teaspoon paprika
- ☐Salt and black pepper
- ☐½ teaspoon Italian seasoning
- ☐1 tablespoon olive oil
- ☐⅓ cup chicken broth
- ☐2 tablespoon butter *diced*
- ☐4 garlic cloves *minced*
- ☐fresh parsley for garnish

Instructions

Pat the chicken thighs dry with paper towels to remove excess moisture (this helps with crispiness). In a small bowl, mix the garlic powder, paprika, salt, black pepper, and Italian seasoning. Rub the seasoning mix all over the chicken thighs.

Heat the olive oil in a large skillet over medium-high heat. Place the chicken thighs skin-side down and sear for about 3-4 minutes, until the skin is golden and crispy. Set aside.

Pour the chicken broth into the slow cooker. Then, transfer the seared chicken to the slow cooker and scatter the diced butter and minced garlic over the top.

Cover and cook on high for 1½ hours or on low for 4 hours. The chicken is fully cooked when its internal temperature hits 165°F. Use a meat thermometer to check the thickest part for accuracy!

Preheat the broiler to high. Transfer the cooked chicken thighs to a baking sheet lined with foil. Broil for 3-5 minutes until the skin crisps up further. Keep a close eye on it to prevent burning. Garnish with fresh parsley and serve warm with your favorite sides.

Mountain Gate Community Services District Bill Pay

The Mountain Gate Community Services District has a variety of convenient payment options for our customers to choose from Choose an option that best suits your needs.

In Person~ By Mail~ By Phone~ Online~ Autopay

Happy Halloween

We hope you have a fun and safe Halloween!

Help us find your property in the event of an emergency

Please make sure your address numbers are visible from both directions of the roadway.

The numbers should be at least 4" tall

The numbers should be color contrasting. For instance, if you have a lighter paint on your house or sign the numbers will be more visible if they are dark.

Take a look at these examples of address numbers that could become difficult to find in the event of an emergency.

Silver numbers on a lighter color paint has low visibility. Dark numbers should be used for light background paint, and light numbers should be used for dark background paint.

The numbers should be a different color than the house or sign.

These numbers are visible with the light illuminating the them, however in the event of an emergency and the power is lost the numbers are less likely to be visible. Please make sure the numbers are visible without illumination.
