

MOUNTAIN GATE

COMMUNITY SERVICES DISTRICT

September 1, 2022

Established 1956

Mission Statement: It is our mission to provide the Mountain Gate Community with reliable, safe and clean water and fire protection services at the lowest cost possible.

**For
Water Emergencies
call
(530) 275-4506**

We would like to say thank you to everyone for their effort and commitment to conserving water during this drought.

5 Ways to care for your lawn during a drought!

1. The most efficient and ideal time to irrigate turfgrass is between midnight and 8:00am.
2. Do NOT water during windy times to reduce water loss due to evaporation by watering when winds are calm.
3. Mow high. Set your mower height to two-and-a-half to four inches. Mowing high gives the lawn a deeper and larger root system, keeps moisture in, defends against weeds and keeps the soil cooler.
4. Stop fertilization on stressed lawns. Fertilizers will only increase the rate of growth, and, because of the lack of water, severe stress can result in damaged grass.
5. Keep weeds down. Weeds compete with the turf for all the essential elements to grow. It is safe to say the less weeds you have, the better chance your grass has to grow.

MountainGate's 12th ANNUAL COMMUNITY BBQ

SATURDAY, SEPT 10th

at 14508 Wonderland Blvd
at the CSD/Fire Hall

BBQ

4PM TO 7PM
GOOD FOOD
RAFFLES

Mountain Gate would like to welcome our new fire Chief Corey Sevens to the District. He has been an integral part of the volunteer fire department since 2018, and we would like to thank him for stepping into his new role as Fire Chief.

We are still in Stage 1 Drought Voluntary Water Reduction – And we need your help to conserve water.

- ❖ We encourage alternative day watering; evening and early morning watering for all members of our community.
- ❖ We ask that any new development postpones landscaping.
- ❖ We ask that you not fill new pools or ponds; topping off of existing pools is allowable.

2021 Water Consumer Confidence Report is now available online and in the district office.

During this drought Mountain Gate CSD's water department continues to blend well water into the Distribution System. This may introduce cloudiness to the water that is a natural byproduct of CO₂. The cloudiness will dissipate naturally after a few minutes. There are also high calcium deposits (hard water) which are not harmful but may create spots on your dishes. Using Jet-Dry in your dishwasher can prevent these spots.

A LOOK AHEAD

September 5, 2022
District Office will be closed for Labor Day.

September 10, 2022
12th annual community BBQ.

September 14, 2022
