Mountain Gate C.S.D.

Water (530) 275-3002

Fire *non-Emergency (530) 275-3003

Emergency 911

As of June 26, 2023 all burning has been suspended

Everyday our environment is getting hotter and dryer. Remember to take appropriate steps to protect yourself and loved ones.

1. Install smoke alarms on every level of your home, inside bedrooms and outside sleeping areas.
2. Test smoke alarms every month.
3. Talk with all family members about a fire escape plan and practice the plan twice a year.
4. If a fire occurs in your home, GET OUT, STAY OUT and CALL FOR HELP.

More information can be found online at www.Ready.gov/home-fires or www.redcross.org

Defensible space, coupled with home hardening, is essential to improve your home's chance of surviving a wildfire.

- Remove all dead plants, grass and weeds (vegetation).
- Remove dead or dry leaves and pine needles from your yard, roof and rain gutters.
- Remove branches that hang over your roof and keep dead branches 10 feet away from your chimney.
- Trim trees regularly to keep branches a minimum of 10 feet from other trees
