Emergency 911

Upcoming Water Line Flushing

Water Line flushing has been postponed over the last few years due to drought conditions, but it is a very important part of the District's maintenance program. With a full allocation the District will recommence our line flushing maintenance program. Our personnel will be flushing water lines in the District during the month of November. Customers may experience fluctuations in water pressure and/or cloudy water during this time. We would like to thank you in advance for your patience during this very important process. Please feel free to contact the District office with any questions that you may have at (530)275-3002.

Everyday our environment is getting hotter and drier. Remember to take appropriate steps to protect yourself and loved ones.

1. Install smoke alarms on every level of your home, inside bedrooms and outside sleeping areas.
2. Test smoke alarms every month.
3. Talk with all family members about a fire escape plan and practice the plan twice a year.
4. If a fire occurs in your home, GET OUT, STAY OUT and CALL FOR HELP.

More information can be found online at www.Ready.gov/home-fires or www.redcross.org

Thank you to all of our Volunteer Firefighters for their hard work and dedication protecting our District from the Wonder Fire. Their tireless dedication to protecting our community does not go unnoticed, and we stand with them in admiration and support.

Thank you Fire Fighters!!!
