

Are you prepared for a Wildfire?

- Have adequate clearance around structures of all flammable material. Minimum of 100 feet in areas designated “Very High Fire Danger”, (includes wood piles). (Greater distance may be required based on slope).
- Clear pine needles and leaves from gutters and roof. Trim back overhanging branches at least 10 feet from the outlet of any chimney or stovepipe.
- Replace roofing and siding with nonflammable or fire resistive materials.
- Reduce or remove flammable vegetation, including landscape plants, and replace with less flammable plants.
- Install and maintain strategic fuel breaks.
- Install smoke alarms in every level of your home and make sure that they are in good working order. Test them monthly and replace any smoke alarms that are 10 years old or older.
- You may have less than 3 minutes to escape a home fire. Every second counts, talk with your family about what to do if there is a wildfire. have an escape plan, and a meeting place outside of your home.
- Practice your escape plan with everyone in the family, practice this at least twice per year.
- Have a means of transporting your pets and livestock readily available.
- Collect valuables, important document, medications and other personal items in one place and be ready to evacuate if necessary. Maintain a mobile survival kit at:
<http://www.readyforwildfire.org/Emergency-Supply-Kit/>
- Did you buy or do you rent a home with a fire sprinkler system, learn how this fire safety system saves lives and protects your home and valuables at <http://homefiresprinkler.org>.
