## **PG&E PUBLIC SAFETY POWER SHUTOFF (PSPS)**

During the Public Safety Power Shutoffs or any other power outages, Mountain Gate Community Services District asks that you use your best water conservation efforts, this is precautionary only and we do not expect water outages during this time. We appreciate your continued efforts, for your convenience the office will remain open Monday thru Friday 8:00 am to 4:30 pm during power outage events.

### **Here is what PG&E says you need to know:**

- Please have your emergency plan ready in case PG&E needs to turn off power for public safety.
- PG&E will continue to monitor conditions and will contact you with further updates.
- If there is an outage PG&E will work to restore service as soon as it is safe to do so.
- In most cases PG&E would expect to be able to restore power within 24 to 48 hours after weather has passed.
- Depending on weather conditions or if any repairs are needed, outages (weather event plus restoration time) could last longer than 48 hours.
- For planning purposes, PG&E suggests preparing for multiple day outages.
- If you see a downed power lines, assume it is energized and extremely dangerous and report it immediately by calling 911.
