## PG&E Public Safety Power Shutoff

Given the growing threat of extreme weather, PG&E wants all of their customers to be prepared for power outages if extreme fire danger conditions threaten a portion of their electric system.

Mountain Gate Community Services District would like to assure our customers that we are prepared for power shutoffs should they occur. We have taken the necessary measures to protect your Water and Fire Services. Generators have been placed at the main office/fire department, district wells and water treatment facility. During times of power outages, please conserve water by minimizing outdoor watering and eliminate other unnecessary water use activities. Once power is restored please allow 12 to 24 hours recovery time before resuming normal water use activities.

During power outages, district personnel is responding to water and fire related emergencies, receiving hundreds of calls for power outage questions delay valuable response time. **The District does not receive power outage information.**

For more information please visit our website at: [www.mountaingatecsd.com](http://www.mountaingatecsd.com)

The **2018 Consumer Confidence Report** is available on our website: [www.mountaingatecsd.com](http://www.mountaingatecsd.com) or at the district office. If you would like to receive a copy by mail please give us a call at (530) 275-3002.
