Leap Year Fun Facts

- 2024 is a leap year, a quirk of time and science that occurs roughly every four years to account for the fact that it actually takes 365.2422 days for Earth to make a complete orbit around the Sun. But for the sake of simplicity, the modern world rounds down to 365 days
- The first leap year was introduced in 46 BC by Julius Caesar
- Babies born on Leap Day are called **Leaplings or Leapers**
- The Summer Olympic Games are held on Leap Years
- If the last two digits of the year are divisible by four (for example, 2016, 2020, 2024 ...) then it's a leap year. Century years are the exception to this rule. They must be divisible by 400 to be leap years—so, 2000 and 2400 are leap years, but 2100 will not be one.

Struggling to Pay your Water Bill?

California's Low Income Household Water Assistance Program (LIHWAP) is providing critical financial assistance to low-income households by helping to pay down current and past due water and sewer bills.

Households that participate in Cal Fresh, CalWORKs, or the Low Income Home Energy Assistance Program (LIHEAP) are income-qualified to get support through LIHWAP. Other low-income households also may qualify. This program is administered by the California Department of Community Services and Development (CSD), which is working with local service providers (LSP) to connect low-income households to the financial support they need.

This program has been extended to **March 31, 2024**

Please visit: <https://www.taphelp.org/> to apply.

Your local service provider will follow up within five to seven days.

Don't forget that
March 5, 2024 is the
primary election.

Candidates for
District 4 County
Supervisor include:

Matt Plummer
Patrick Jones

- Inspect Your Furnace

❖❖ Upcoming Water Line Flushing ❖❖

Water Line flushing has been postponed over the last few years due to drought conditions, but it is a very important part of the District's maintenance program. With a full allocation the District will recommence our line flushing maintenance program. Our personnel will be flushing water lines in the District during the month of November. Customers may experience fluctuations in water pressure and/or cloudy water during this time. We would like to thank you in advance for your patience during this very important process. Please feel free to contact the District office with any questions that you may have at (530)275-3002.
